Soil Food Web*, Revised Edition  
By Jeff Lowenfels and Wayne Lewis  
ISBN-13: 978-1-60469-113-9

## NOTE:

This list of Resources is intended as a tool to assist in the efficient use, management, and protection of our natural resources, especially water, for ecologically-responsible landscapes. The list is not to be considered all-inclusive of the many resources available. The listing of websites, publications, organizations, companies, and other information is not to be considered an endorsement or recommendation.
